

## **Napoleon's Occupation of Egypt:**

By

<sup>1</sup>Abdul Qadir, <sup>2</sup>Zahir Mengal, <sup>3</sup>Pervez Ahmed

### **Abstract:**

*The research article traces the French occupation of Egypt by Napoleon Bonaparte in 1798. The initial French aspirations were of building a French Empire in the Middle East. Napoleon as a young General embarked on the conquest of East which had a profound impact on Middle East and Europe. The French expedition was a massive failure but it paved the way for future European invasion of Middle East. The French intellectuals that Napoleon took with him to Egypt had the most lasting impact. The Research mostly used secondary sources.*
